# BUILD A HEALTHIER *You*

We've all heard that "sitting is the new smoking" and those with office jobs who spend a majority of their day sitting at their desks have increased risks of chronic diseases such as heart disease, obesity, type 2 diabetes, and even cancers. It has been proven that periodically standing during the day can improve your overall health and attribute to a long healthy life. With just 10 minutes of movement is all it takes to increase mental focus and reduce stress. By standing an extra 30 minutes a day over a year, you can burn 30% more calories which can equate to burning over 5 pounds a year! Improve your health, mind, and body by choosing to stand up, sit less and move more. Active Office by Lorell offers you the opportunity to build that healthier lifestyle with various options from desk risers to active seating. Well-built products at a competitive price so you can build a healthier YOU. Learn more at [lorellactiveoffice.com](http://lorellactiveoffice.com)
